

**Figure 4-3. PCDD/F Concentrations in Whole Body, Caged Channel Catfish Samples from the Saginaw River**

sample sizes are indicated in parentheses for each analyte and year

ng/kg: nanograms per kilogram

PCDD/F: dioxins and furans

TCDD: tetrachlorodibenzo-p-dioxin

TCDF: tetrachlorodibenzofuran

TEF: toxic equivalent factor

TEQ': toxic equivalent concentration based on at least 15 PCDD/F congeners and 2005 WHO Mammal TEFs

TEQ: toxic equivalent concentration based on the full suite of 17 PCDD/F congeners and 2005 WHO Mammal TEFs

WHO: World Health Organization
